PROFILE SUMMARY

Ambitious Computer Science undergraduate experienced in MERN Stack and Java with Spring Boot development. Proficient in creating responsive, high-performance full-stack applications with secure backend architecture and well-structured databases. Seeking a Software Engineering Internship to contribute technical expertise and innovative thinking to impactful software projects.

EDUCATION

HND in Computer Science	University of Bolton via IJSE	2024 - Present
G.C.E. Advanced Level	Ananda Central College (Physical Science)	2022
G.C.E. Ordinary Level	St. Mary's College, Galle	2019

TECHNICAL SKILLS

Languages	Java, JavaScript, TypeScript, Python, SQL
Frontend	React, React Native, HTML, CSS, Tailwind CSS, Bootstrap
Backend	Spring Boot, Spring Security, Node.js, Express, Hibernate ORM
Databases	MySQL, MongoDB
Tools	Git, Docker, Firebase, MongoDB Atlas, Vercel, Maven

PROJECTS

LearnLoop — LMS Java, Spring Boot, MySQL, HTML, CSS, Bootstrap | [GitHub](#)

- Developed a web application using MVC architecture to manage courses, students, and teachers.
- Implemented secure authentication and full CRUD functionality for streamlined management.

Car Rental — Full-Stack System MERN Stack, TypeScript | [GitHub](#)

- Architected a high-performance web application with RESTful APIs and secure JWT authentication.
- Deployed on Vercel with an optimized MongoDB database for real-time tracking.

ServiceCenters — Mobile Queue Management React Native, Expo, Firebase | [GitHub](#)

- Constructed a cross-platform mobile app featuring real-time appointment scheduling and sync.
- Integrated Firebase for real-time queue tracking to minimize customer wait times.

Vitality Health (VCI) — Data Analytics Python, Pandas, Seaborn | [GitHub](#)

- Leveraged Python to automate clinical dataset analysis for precise patient risk identification.
- Created insightful data visualizations to support data-driven decision-making.

ACHIEVEMENTS

- **Finalist**, Hackathon Coding Competition (2024) - Overnight intensive programming round.
- **Winner**, 2nd Best Project (1st Semester) - Recognized for outstanding software development at IJSE.
- **Finalist**, Industry-Level Circle-Edge (2025) - Grand Finals at Shangri-La, Colombo.
